PRACTITIONER INFORMATION

About Thrive

The Thrive Wellness Hub is a beautiful centre in the inner-city Newcastle suburb of Wickham, which offers both ease of access and plenty of parking.

We are a collective of evidence-based practitioners who work from the heart.

The Hub is a welcoming, tranquil environment where we work together with integrity and a genuine desire to offer our clients a caring, professional experience.

While each practitioner has their own individual business, we have found that by working together under the umbrella of Thrive, we are able to offer a wide range of services to our clients while enjoying a unique environment where likeminded people are able to Thrive, both professionally and personally.

We all share the same vision of supporting you to THRIVE, on an emotional and physical level. This includes monthly team meetings and opportunities for collaboration and where appropriate, referrals.
